

History Log

1. History Log displays the history of comments and status changes within GPS.
2. Checked Attention Needed checkboxes indicate areas within the ESEA Consolidated Application that need to be addressed. These will show up at the top of the history log no matter the date they were entered.
3. S/C – Status changes are represented with the S and comments are represented by the C
4. Date – Displays the date that the status change or comment was entered.
5. User – Displays the user who made the status change or created the comment.
